ANNOUNCEMENTS

C/I Tech Career Accelerator Program

Hey NSBE-SHPE members! We would like to
announce a new program accepting scholars for Fall
2017 called the C/I Tech Career Accelerator
Program! The Tech Career Accelerator Program is a
new 2-year program for 10-15 women and
men from underrepresented groups studying
computer science at CCNY and Lehman College and
serves as a bridge between students' junior and

This Internship Program is designed to provide students with the opportunity to gain

and maintaining software which prices securities held in Goldman Sachs accounts for institutional wealth clients.

real world experience in the music industry.

APPLY

Dana received her Computer Science degree from Lehman College back in 2015, yet her presence here at Lehman's NSBE chapter is still felt. Recently, Dana held a 3 part HackerRank Virtual Training series where she went over HackerRank challenges with our members. Dana also provided our members with feedback on their resumes throughout the duration of the series.

Dana's commitment to the chapter continues to inspire us, and her continued commitment to the advancement of our members' career development is one of the many reasons she is our Spotlight member of the week! Thank you for all that you do, Dana!

 **Connect with Dana!**

That's all from us this week folks!
Remember to come back in 2 weeks for
another healthy dose of networking,
learning, and professional opportunities!
